Get Ready to Maximize your Mobility

Nonstop Mobility

Mobility drives transformation. It re-shapes your future. It changes the way you run, improve and grow your business. Stratix SmartMobile programs ensure your mobility is always on and always available.

STRATIX

We are the largest pure-play managed mobility service provider in North America. With over 35 years of experience we know what works, what doesn't and constantly evolve to transform customer experiences. It all starts with learning our clients' unique processes to create SmartMobile programs that enable flexibility and scalability in their business. We handle everything on-shore, 24x7 – we are nonstop mobility, and we deliver when it matters most.

On-time Delivery
and Order/
Configuration

Our company was founded on the belief that meeting expectations isn't enough, we strive to exceed them. Our clients trust us to deliver programs that accelerate and inspire their business transformation. They know we are invested in their success, and that we are always on, always available, enabling them to run, improve and grow their business."

Gina Gallo, CEO, Stratix

WHAT WE DO

We create and run client-specific enterprise mobility programs and managed services that transform mobile support and exceed end-user expectations.

Solution Design

We architect mobile support and management programs to execute and scale your mobile strategy.

Program On-boarding

Manage large-scale, multi-vendor integration and deployment rollouts to minimize risk, reduce delays and control costs.

Enterprise Mobility Management

Handle all Day-2 lifecycle services and end-user support, with on-shore, on-premise customer-focused mobility experts, 24x7x365.

Endpoint Management

Provide real-time visibility to your entire mobile fleet through itrac360, an integrated platform for Mobile Device Management and asset tracking.

HOW WE DO IT

We handle everything on-shore, on-premise, 24x7x365 – providing our clients unique support programs with real-time visibility into their entire mobile device ecosystem.

Retail

Mobile-driven digital transformation that delivers a seamless and enhanced customer experience across all retail channels.

Transportation & Logistics

Mobile-enabled strategies that help control delivery costs, reduce waste and better meet service expectations.

Manufacturing Supply Chain

Mobility programs that support smart manufacturing supply chain operations to enable faster innovation and time to market.

Field Service

Personalized managed services that empower employees at the edge of service delivery to drive productivity and improve service outcomes.

Companies that rely on mobile to drive business, **rely on Stratix.**
