Solution Brief:

Enhance Workflow Efficiency with Zebra's Ultra-Rugged Mobile Computers

Businesses need powerful and rugged mobile devices to ensure fast and efficient operations in challenging environments. Whether it's retail, warehouse, manufacturing, or logistics, equipment that is effective and reliable is a must.

That's why the latest generation of Zebra® MC9400 series mobile computers are the perfect solution for businesses looking to take productivity to new heights. They have more power, advanced scanning, a model for every environment, and the fastest connectivity.

MC9400/MC9450 Features

Latest scanning technology: Unmatched scanning range with IntelliFocus™ technology. Scan barcodes over 100 feet away.

Super-rugged: With Zebra's toughest drop and tumble testing, these devices have what it takes. Muddy? Just hose it off. Submerged in water? No worries, it's waterproof.

Advanced connectivity: Private and public 5G, Wi-Fi 6E, and Bluetooth 5.3 ensure fast connections with enhanced security features.

More processing power: Compared to the MC9300, the new MC9400/MC9450s with the Qualcomm platform deliver 2.5 times more processing power. You'll immediately notice the speed.

Zebra Even Better with Stratix Managed Mobile Services

Stratix is a full-service managed mobility services provider. Our decades of experience and long relationship with Zebra help make your mobile solutions convenient, easy, and cost-effective. Our services include:

- **Mobile solution consulting** – Our certified in-house Zebra experts will look at your needs and workflows to recommend solutions that will achieve your goals

- **Project management** – We're experts in administering large-scale mobile solution programs on time and on budget

- **Superior mobile deployment** – Our advanced Mobile Integration Center kits and configures thousands of devices with a personalized, out-of-the-box-ready experience

- **Endpoint management** – Stratix's unified endpoint management (UEM) solutions ensure security, compliance, and cost control

- **itrac360** - Our proprietary asset management portal gives you 360-degree visibility of your entire fleet of mobile assets, enabling better analytics and control of your total cost of ownership

- **Full lifecycle services** – From procurement and deployment through repair and eventual disposal, Stratix managed services keep your devices up and running in your end users' hands—maintaining productivity and maximizing your mobile technology investments

- **Industry-leading support** – Our on-shore 24/7 help desk is staffed by highly-trained experts who know your environment. We also offer rapid repair turnaround and spare pool management to minimize downtime

- **Easy-to-use portals** – Streamline and automate device procurement and distribution with simple eCommerce-like experiences that cut costs

- **Mobile Device as a Service** - Mobile hardware, software, and services rolled into a convenient monthly per-device price moves CapEx to OpEx

Why Stratix
