

SOLUTION BRIEF:

Honeywell® Mobile Computers: Built for the Frontline

Honeywell® CT32, CT37, and CT70 mobile computers are purpose-built to empower frontline workers across retail, healthcare, logistics, and field service environments. These rugged, secure, and high-performance devices solve key operational challenges while delivering long-term value through the Mobility Edge™ platform.

Operational Challenges Solved

- Legacy devices limit performance and app compatibility
- Fragmented systems increase support and maintenance costs
- Frontline workers need reliable connectivity indoors and outdoors
- Demand for flexible scanning and data capture across workflows

Benefits of Honeywell Mobile Devices

- Built on the Mobility Edge platform for long lifecycle and security
- 5G, Wi-Fi 6E/7, Bluetooth 5.3/6.0, and NFC connectivity
- Rugged design with IP65/IP68 sealing and drop resistance
- Hot-swappable batteries and wireless charging (CT70)
- Integrated RFID and FlexRange™ scanning options
- Unified software ecosystem: Operational Intelligence, Smart Talk, Smart Pay

			
	CT32	CT37	CT70
Processor	Qualcomm 4490, 2.4GHz	QCS4490/QCM4490, 2.4GHz	Snapdragon QCS/QCM6690, up to 2.9GHz
Wi-Fi	Wi-Fi 6E	Wi-Fi 6E	Wi-Fi 6E & Wi-Fi 7
Bluetooth	v5.3	v5.3	v6.0
Display	6.0" FHD, 450 nits	6.0" FHD, 600 nits	6.0" FHD, 600 nits
Battery	4500 mAh	3846 / 5550 mAh	4775 / 7692 mAh
Wireless Charging	No	No	Yes
Scan Engine	FlexRange S0703/S0803	FlexRange FR	FlexRange S0803/S0703
RFID	Optional handle	Optional handle	Integrated RFID
Drop Resistance	1.8m	1.8m	2.4m
Sealing	IP65 & IP68	IP65 & IP68	IP65 & IP68

Honeywell Even Better with Stratix Managed Mobile Services

Pairing Honeywell's rugged mobile computers with Stratix's industry-leading managed mobility services creates a powerful solution for frontline operations. Stratix ensures every Honeywell device is expertly configured, deployed, and supported—so your teams stay productive, connected, and secure. From initial consultation to full lifecycle management, Stratix simplifies mobility while maximizing ROI and uptime.

- **Mobile solution consulting** – Stratix's certified experts assess your workflows to recommend the right Honeywell devices and configurations to improve efficiency for frontline workers.
- **Superior Mobile Deployment** – Our Mobile Integration Center delivers fully configured Honeywell devices, ready to work out-of-the-box with your apps, security settings, and connectivity preferences.
- **Endpoint Management** – Stratix's unified endpoint management (UEM) solutions ensure security, compliance, and cost control.
- **itrac360** – Full visibility into every Honeywell device in the field—track usage, monitor performance, and reduce total cost of ownership.
- **Full lifecycle services** – From procurement and deployment through repair and eventual disposal, Stratix managed services keep your Honeywell devices up and running in your end users' hands—maintaining productivity and maximizing your mobile technology investments.
- **Industry-leading support** – 24/7 U.S.-based help desk support from teams who understand frontline workflows, rapid repairs, and spare pool management to minimize downtime.

Why Stratix

Stratix has been a trusted leader in enterprise mobility for over 40 years, helping large organizations thrive in a mobile-first world. We design, deploy, and manage comprehensive mobility programs that keep workforces connected and productive.

We are proud to be recognized as a 2025 Atlanta Journal-Constitution (AJC) Top Workplaces winner and to be featured in the 2025 Gartner® Market Guide for Managed Mobility Services. With decades-long customer relationships, industry-leading Net Promoter Scores (NPS), and a proven ability to adapt to evolving technologies, Stratix delivers nonstop mobility and exceptional end-user experiences.
