

Stratix Branded Asset Tags

Simple. Fast. Included at No Cost.

At Stratix, we lead with our standard Stratix branded asset tags—the fastest, most dependable way to identify and manage devices across any deployment. Designed for efficiency and built into our Lifecycle Management (LCM) services, these tags give customers a polished, professional experience without adding cost or complexity.

Why Stratix Asset Tags Stand Out

- **Professional identification**—standardized and ready to use
- **Zero cost to you** as part of LCM services
- **Accelerated rollouts** with no custom artwork, approvals, or delays
- **Enhanced visibility** with clear, easy to read tags

This device is managed by:
